Dear DB;

On behalf of the Mid Michigan Street Rod Association, I would like to thank you for your hospitality and warm welcome when we visited your facility on October 14, 2017. When this event first came together, our group was very excited about the opportunity to see what you do and view the diverse collection of cars on site. What we did not expect, was the extent to which you went to make us feel so special. To a person, we were all impressed. The welcome signs were great, especially with our club logo. All of our members were warmly greeted by the owners, staff and other visitors who braved threatening weather to come out for the event. You have some really nice and true car guys and women in the Traverse City area.

Our group believed that "Cars and Coffee" meant that we would enjoy coffee and a box of donuts when we arrived, but you went all out with an amazing spread including assorted pastries, cheese and crackers, different coffees (which we really liked!), and fruit. Everything was fantastic and many said that it was even better than the breakfast they could have had at the hotel.

The rest of our color tour along M-22 went off without a hitch, but you started our day with the main attraction. That's hard to do when competing with one of the most scenic drives in the United States, but you masterfully pulled it off.

In summary, we want to thank you most sincerely for a fantastic visit that blew away all expectations. You made this a club color tour that will not be forgotten by those who came along and the talk of it will make those who missed the trip sorry for that.

We are looking forward to receiving a copy of the group photo (electronically would be just fine) which will be reproduced and shared with everyone from our group who attended the event.

Again, thank you for everything and we hope to visit again another time.

Best and warmest regards,

*James R. Spalding*
